

Letter to those starting with us in September 2020

30th March 2020

Dear Parent / Guardian,

During this uncertain time, I wanted to reassure you that we are working hard at making your child's transition to secondary school as easy as possible.

You will have received our first communication, which we issued prior to the current lockdown and mentioned a transition day. As you can appreciate this may no longer be possible if the current restrictions remain in place.

If this does become an impossibility, please rest assured that crucial information; such as induction packs, minibus information and confirmation of the House your child is in will be sent home to you.

It is important to us that we keep in touch at this difficult time and try and allay any fears and concerns that you and your child may have. With that in mind, please do not hesitate to email any questions you may have to: sspp@sspp.lincs.sch.uk

We encourage all parents, current and new, to regularly check the Academy website which we are continually working on so that it is as up to date as possible.

Take care and keep safe.

Yours sincerely

R Le Caplain
Headteacher
